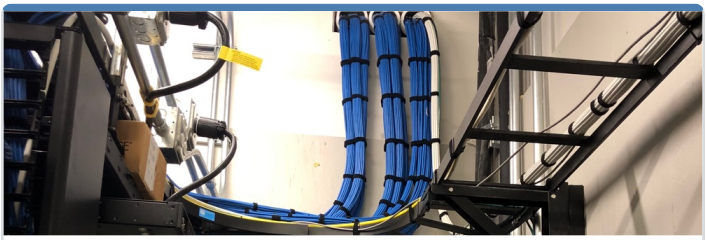
RESIDENTIAL

A home wired and protected right.

Structured cabling and security systems for homes and new builds, installed by a licensed commercial contractor.

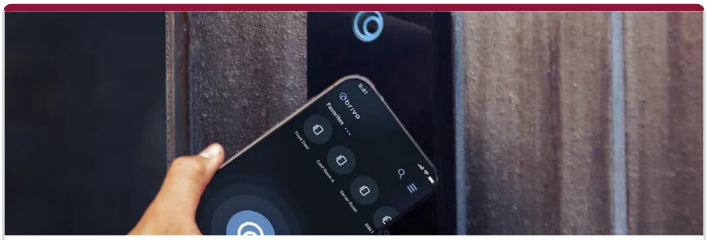
Strong Wi-Fi in every room and cameras you can check from anywhere start with the wiring behind the walls. SCTi brings commercial-grade cabling and security to your home, whether you are building new or upgrading.



DATA

Structured Cabling & WiFi

- Cat6 to every room for streaming, gaming, and home offices
- Pre-wire for new builds before the drywall goes up
- Access point mounts for whole-home Wi-Fi coverage



SECURITY

Security & Access Control

- UniFi cameras with AI people and vehicle detection
- Live video and alerts on your phone
- Door phones and access control for gates and entries

Run a business from home? Ask about business phone service that rings your desk phone and mobile.
